|    | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 4-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM490.00</b><br/> <b>Order #: PZ_EXT_03</b><br/> <b>Application: 4G18 (Proton Waja - SOHC 16valve)</b></p>                               |
|    | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 4-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM450.00</b><br/> <b>Order #: PZ_EXT_04</b><br/> <b>Application: 4G13/15 (Proton Wira, Satria, Iswara &amp; Saga - SOHC 12valve)</b></p> |
|   | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 4-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM440.00</b><br/> <b>Order #: PZ_EXT_05</b><br/> <b>Application: Perodua Myvi 1.3 - DOHC 16valve</b></p>                                 |
|  | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 4-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM440.00</b><br/> <b>Order #: PZ_EXT_06</b><br/> <b>Application: Toyota Avanza 1.3 - DOHC 16valve</b></p>                                |
|  | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 3-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM340.00</b><br/> <b>Order #: PZ_EXT_07</b><br/> <b>Application: Perodua Kelisa, Kenari &amp; Myvi 1.0 - DOHC 12valve</b></p>            |

|   |   |
|---|---|
|    | <p><b><u>POWERZONE 3-2-1 TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 3-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM340.00</b><br/> <b>Order #: PZ_EXT_08</b><br/>                 Application: Perodua Kancil 660/850 - SOHC 6valve</p>                            |
|    | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 4-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM490.00</b><br/> <b>Order #: PZ_EXT_09</b><br/>                 Application: Kia Spectra 1.6 - DOHC 16valve</p>  |
|   | <p><b><u>POWERZONE TUNED LENGTH EXTRACTOR</u></b><br/>                 Special 3-2-1 custom designed for high exhaust flow with minimal restriction &amp; power increase up to 10%.</p> <p><b>Retail Price: RM900.00</b><br/> <b>Order #: PZ_EXT_10</b><br/>                 Application: 6A10/6A11/6A12 (Proton Perdana V6 /Mitsubishi Eterna - DOHC 24 valve)</p> |
|  | <p><b><u>POWERZONE PORTED &amp; POLISHED CYLINDER HEAD</u></b><br/>                 Special designed &amp; tuned for better air/exhaust flow &amp; power increase up to 18%.</p> <p><b>Retail Price: RM1,500.00 - RM1,800.00</b><br/> <b>Order #: PZ_PNP_01</b><br/>                 Application: All Models Available</p>  |
|  | <p><b><u>POWERZONE STEEL HUB ADJUSTABLE CAM PULLEY</u></b><br/>                 Special designed &amp; tuned to improve low-end or high-end power &amp; torque.</p> <p><b>Retail Price: RM380.00 - RM580.00</b><br/> <b>Order #: PZ_PNP_01</b><br/>                 Application: All Models Available</p>   |

|   |  |
|---|--|
|    | <p><b><u>POWERZONE QUICK SHIFT GEAR LEVER KIT</u></b><br/>Special designed for better &amp; faster gear shifting.<br/><b>Retail Price: RM280.00</b><br/>Order #: PZ_QS_01<br/>Application: Proton &amp; Mitsubishi Models</p>  |
|    | <p><b><u>POWERZONE REVERSE HAND BRAKE LEVER</u></b><br/>Special designed for autokana &amp; drifting.<br/><b>Retail Price: Based On Models</b><br/>Order #: PZ_HB_05<br/>Application: Proton &amp; Mitsubishi Models</p>   |
|   | <p><b><u>POWERZONE TUNED AIR INTAKE MANIFOLD</u></b><br/>Special designed for better response &amp; improve low-end torque.<br/><b>Retail Price: RM1,700.00</b><br/>Order #: PZ_IM_01<br/>Application: Proton &amp; Mitsubishi Models</p>  |
|  | <p><b><u>POWERZONE 4G15 STROKER KIT (1600cc)</u></b><br/>Special crankshaft &amp; piston to increase engine stroke/capacity from 1468cc to 1600cc.<br/><b>Retail Price: RM2,000.00</b><br/>Order #: PZ_STRK_01<br/>Application: 4G15 (Proton Saga, Iswara, Wira &amp; Satria -12 valve SOHC)</p> |

|   |   |
|---|---|
|    | <p><b><u>POWERZONE REINFORCED ENGINE MOUNTING</u></b><br/>                 Special designed to minimize engine movement, therefore increase engine response. Also longer lasting then standard mounting.</p> <p><b>Retail Price: RM 140.00</b><br/>                 Order #: PZ_MT_01<br/>                 Application: Proton &amp; Mitsubishi Models</p>  |
|    | <p><b><u>POWERZONE RISING RATE FUEL REGULATOR</u></b><br/>                 Special rising pressure fuel regulator for forced induction application.</p> <p><b>Retail Price: RM680.00</b><br/>                 Order #: PZ_RRFR_01<br/>                 Application: All Models Available</p>  |
|   | <p><b><u>POWERZONE HARD CHROME CYLINDER HEAD ROCKER COVER</u></b><br/>                 Special chromed cylinder head rocker cover to enhanced the engine bay.</p> <p><b>Retail Price: Based on size</b><br/>                 Order #: PZ_RC_01<br/>                 Application: All Models Available</p>   |
|  | <p><b><u>POWERZONE ENGINE BLUEPRINTING (STATIC &amp; DYNAMIC BALANCING ONLY)</u></b><br/>                 Specialist engine rebuilding process to eliminate tolerance stack up, therefore increase durability, reliability &amp; improve engine power &amp; response.</p> <p><b>Retail Price: RM850.00</b><br/>                 Order #: PZ_BPE_01<br/>                 Application: All Models Available</p> |
|  | <p><b><u>POWERZONE RACE ENGINE PREPARATION</u></b><br/>                 Fully engine rebuild for durability, reliability &amp; improved engine power &amp; response.</p> <p><b>Retail Price: Based On Models</b><br/>                 Order #: PZ_BPE_02<br/>                 Application: All Models Available</p>   |

***POWERZONE SUPERCHARGER KIT WITH CHARGED COOLER SYSTEM***

Specially tuned & designed using Eaton Root Blower Supercharger unit with water to air cooling system. Increase power up to 50%.

**Retail Price: Based on Models**

**Order #: PZ\_SC\_01**

**Application: Proton, Mitsubishi, Perodua, Mercedes, Nissan, Daihatsu, Hyundai & etc.**

Specially Tuned By:

Power Improvement You Can Feel

**NS PERFORMANCE TUNING SDN BHD  
(522594-M)**
